# PART II-Section 3-Sub-section (ii)

Statutory orders and notifications issued by the Ministries of the Government of India (other than the Ministry of Defence) and by Central Authorities (other than the Administrations of Union Territories).

# ELECTION COMMISSION, INDIA,

New Delhi, the 4th October 1960

**S.O.** 2479.—In exercise of the powers conferred by sub-section (1) of section 13A of the Representation of the People Act. 1950 (43 of 1950), the Election

Commission, in consultation with the Government of Uttar Pradesh, hereby nominates Shri Lakshmi Prasad Nigam, Judicial Secretary and Legal Remembrancer to the Government of Uttar Pradesh, as the Chief Electoral Officer for the State of Uttar Pradesh with effect from the 19th September, 1960.

[No. 154/12/60.] By Order, C. B. LAL, Under Secy.

#### MINISTRY OF EXTERNAL AFFAIRS

New Delhi, the 10th October 1960

S.O. 2480.—In pursuance of Section 3 of the United Nations (Privileges and Immunities) Act, 1947 (XLVI of 1947), the Central Government is pleased to declare that the provisions of the schedule to the said Act shall apply mutates mutandis to the International Hydrographic Bureau and to their representatives and officials subject to the modifications specified hereunder.

### Modifications

- 1. In the schedule to the said Act, for the words "United Nations" wherever they occur (except in the expression 'United Nations Laissez-passer" in Article VII), the words "International Hydrographic Bureau" shall be substituted.
- 2. In Article I, Section I shall be re-numbered as Section IA of that Article and before Section 1A so re-numbered, the following Section shall be inserted, namely:—
  - "Section I.—In this schedule "convention" means the convention on the organisation and juridical personality of the International Hyderographic Bureau, 1958"

[No. 498-UNI/60.]

R. C. ARORA, Under Secy.

#### MINISTRY OF FINANCE

#### (Department of Expenditure)

New Delhi, the 27th September 1960

- S.O. 2481.—In exercise of the powers conferred by the proviso to Article 309 and clause (5) of Article 148 of the Constitution, and after consultation with the Comptroller and Auditor General in relation to persons serving in the Indian Audit and Accounts Department, the President hereby makes the following further amendments in the Civil Service Regulations, namely:—
  - These Regulations may be called the Civil Service (Amendment) Regulations, 1960.
  - 2 In the Civil Service Regulations for the Note and declaration under clause
    (1) of Article 920, the following Note shall be substituted, namely:—
  - "Note'—For the purpose of this Article, a declaration in the form appended as Annexure "A" shall be obtained from the retiring officer by the authority sanctioning pension, before the pension is sanctioned. Similarly, that authority shall obtain a declaration in the form appended as Annexure "B" from a member of the family or legal heir or heirs of the deceased Government servant or pensioner,, as the case may be, before sanctioning family pension, service gratuity, death-cumretirement gratuity, arrears of pension or gratuity".

#### ANNEXURE "A"

(To be signed by the retiring Government servant)

Whereas the ... (here state the designation of the officer sanctioning the pension/service gratuity) has consented to grant me the sum of Rs per month as the amount of my pension with effect from and/or the sum of Rs are the amount of my gratuity/death-cum-retirement

gratuity, I hereby acknowledge that in accepting the said amount(s), I fully understand that the pension/gratuity/death-cum-retirement gratuity is subject to revision on the same being found to be in excess of that to which I am entitled under the rules, and I promise to base no objection to such revision. I further promise to refund any amount paid to me in excess of that to which I may be eventually found entitled.

Signature of the Government servant.

1. Signature.

Address and occupation of witness.

2. Signature.

Address and occupation of witness.

The declaration should be witnessed by two persons of respectability in the tewn, village or pargana in which the applicant resides.

#### ANNEXURE "B"

(To be signed by the legal heirs or members of the family of the deceased Government servant.)

Signature of the beneficiary.

1. Signature.

Address and occupation of witness

2. Signature.

Address and occupation of witness.

- (i) Separate declarations should be filled in by each beneficiary.
- (ii) Declaration should be witnessed by two persons of respectability in the town, village or pargana in which the applicant resides.

end of the second sentence.

bestos cement sheets.'

(ii) In sub-clause 15.1.1, the words for asbestos cement' has been added at the

Amendment No. 2 September 1960.

In page 8, Fig 1, Section AA, the existing 10 October 1960 legend at the top of the drawing has been deleted and substituted by the following: 'Roofing with corrugated galvanized steel or corrugated aluminium or as-

- Amendment No. 1 September 1960.
- '13.1 Drain pipes made of cast from or asbestos cement shall be provided for drainage of rain water from the roof'.

and substituted by the following:

(i) Existing clause 13.1 has been deleted 10 October 1960

(ii) In page 8, Fig 1, Section XX, the existing left hand top legend of the drawing has been deleted and substituted by the following:

> 'Roofing with corrugated galvanized Steel or corrugated aluminium or asbestos cement sheets.'

- (iii) In sub-clause 11.1.1.1, the words 'or asbestos cement' has been added at the end of the first sentence.
- (i) Existing sub-clauses 4.2.1 and 4.2.2 10 October 1960 has been deleted and substituted by the following:

'4.2.1 Large Particle Grade-

When tested by the method prescribed in Appendix B:

(a) all the material shall pass through a sieve of silk or nylon bolting cloth, 20 GG (aperture 1 16 mm);

5 IS: 1010-1957 Specification for S.O. 137 dated Suji or Rava (Semolina) 1-3-58.

Amendment No. 1 September 1960

- (b) not less than 90 per cent of the material shall be retained on a sieve of silk or nylon bolting cloth 30 GG (aperture 0.73 mm); and
- (c) not less than 98 per cent of the material shall be retained on a sieve of silk or nylon bolting cloth, 70 GG (aperture 0.24 mm).
- '4.2.2 Small Particle Grade—When tested by the method prescribed in Appendix B,
  - (a) all the material shall pass through a sieve of silk or nylon bolting cloth, 20 GG (aperture 1:16 mm);
  - (b) not more than 10 per cent of the material shall be retained on a sieve of silk or nylon bolting cloth, 30 GG (aperture 0.73 mm); and
  - (c) not less than 98 per cent of the material shall be retained on a sieve of silk or nylon bolting cloth, 70 GG (aperture 0.24 mm).
- Note.—Since the sieves made of commercial silk or nylon bolting cloth may vary in the average mesh openings from those given in 4.2.1 and 4.2.2, a tolerance of ± 7.5 per cent is permitted.
- (ii) Existing clause B-1.1 has been deleted and substituted by the following:
  - 'B-1.1 Make a nest of 3 sieves of silk or nykon bolting cloth, the uppermost having a designation 20 GG (aperture 1'16 mm), the middle 30 GG (aperture 0'73 mm) and the lowermost 70 GG (aperture 0'24 mm), with a cover on top of the uppermost sieve and a receiver below the lowermost sieve.'

**(1)** (2) (3) (4) (5) (6) (iii) In clauses B-3.1 and B-3.2 (a) where '30 XXX' appears, substitute '30 GG', and (b) where '70 XXX' appears, substitute '70 GG'. (iv) In clauses F-1.1, line 4, and F-1.2, line 9 substitute 'fine treble extrasilk 10 XXX (aperture 0.16 mm)' for 'silk or nylon bolting cloth No. 10 XXX'. 6 IS: 1148-1957 Specification for S.O. 137, dated (i) A new sub-clause 1.1.1 has been added Amendment No. 1 Rivet Bars for Structural Pur- 1-3-58. September 1960. 10 October 1960 after clause 1.1: poses, 'I.I.I for the purpose of this standard, rivet bars shall include hard-drawn steel wire of 3 to 12 mm (or 1/8 to 1/2 in.) diameter. (ii) Existing clause 7.1 has been deleted and substituted by the following: '7.1 The rivet bars shall be made from steel manufactured by the open hearth, electric, duplex or acid Bessemer process or a combination of the processes. In case any other process is employed in the manufacture, prior approval of the purchaser shall be obtained.' (iii) Existing clause 14.2 and Table I has been deleted and substituted by the following: '14.2 The ultimate tensile stress, yield stress and percentage elongation of steel, when determined in accordance with IS: 223-1950, from Indian Standard test pieces cut lengthwise from bars, shall be as given in Table I.

## MINISTRY OF INFORMATION AND BROADCASTING

New Delhi, the 6th October 1960

S.O. 2514.—It is notified for general information that Shri S. K. Ahmed Meeran having tendered resignation of the membership of the Madras Advisory Panel of the Central Board of Film Censors, the Central Government has accepted the same with effect from the 26th September, 1960.

[No. F. 11/4/59-FC.]

S. PADMANABHAN, Under Secy.

## MINISTRY OF LABOUR AND EMPLOYMENT

New Delhi, the 27th September 1960

**S.O.** 2515.—In pursuance of section 36 of the Employees' State Insurance Act, 1948 (34 of 1948), the Annual Report of the Employees' State Insurance Corporation for the year 1959-60, is hereby published for general information.

ANNUAL REPORT OF THE EMPLOYEES STATE INSURANCE CORPORATION FOR THE YEAR 1959-60.

#### 1 Introduction.

During the early formative years of the Corporation, the emphasis was naturally on the speedy extension of the benefits under the Scheme to as many areas as possible. While this aspect still continues to be a matter of keen concern—especially in respect of large industrial centres like Ahmedabad, Hooghly and 24—Parganas—during the year under review an all-out effort was made to improve hospitalisation facilities which were undoubtedly inadequate.

Even apart from the consideration that lack of space for the indoor treatment of insured persons causes avoidable hardship, it is clearly necessary in any scheme of Social Security that the beneficiaries should be given visible testimony of the results of contributions made by thousands of employers and lakhs of employees. Reservation of beds in existing hospitals which are already heavily congested cannot afford requisite relief.

It has been recognised that this weak link in the chain of services provided by the Corporation should be strengthened and that determined and concerted efforts should be made by the Corporation and by the State Governments to have hospitals of various types, suitable to different localities, constructed for the exclusive use of insured persons.

A master plan was accordingly drawn up after careful examination of the several aspects offering for the consideration of the State Governments detailed suggestions in regard to their immediate and ultimate requirements of hospital accommodation and indicating the time schedules that might be adopted for the rapid acquisition of land and the construction and equipment of hospitals thereafter. In view of the varying conditions prevalent in different States, the plan naturally had to provide for institutions of various types—full-fledged hospitals, hospitals of the cottage type and annexes to existing institutions.

It is pleasant to record that as a result of vigorous attempts by several State Governments, appreciable headway has been made in this direction; the prospects for the future would appear to be bright. Some indication of the progress achieved during the year under review is given below:—

- (a) The Mahatma Gandhi Memorial Hospital planned to provide 300 beds in Bombay was in an advanced stage of construction;
- (b) One 112-bed hospital in Kanpur is expected to be opened by the end of March, 1961;
- (c) Sanction has been accorded, and plans and estimates have been approved, for a 175-bed hospital in Madras;
- (d) Plans have been approved and estimates are under preparation for a 170-bed hospital in Bangalore;
- (e) Administrative approval has been given and a site has been selected for a 200-bed hospital at Worli (Bombay);
- (f) A site has been selected for a 100-bed hospital at Indore;
- (g) A site has been selected for a 100-bed chest hospital at Kanpur;
- (h) A site has been selected for a 100-bed hospital at Muland (Bombay);
- (i) Construction of 11 hospitals is being planned along both the banks of the river Hooghly (West Bengal); proceedings of acquisition of the requisite land have been started in most of the cases;
- (j) One annexe providing accommodation for 32 patients was completed and put into commission at Hyderabad;
- (k) Construction of two more annexes to accommodate 31 beds was nearing completion at Bangalore and Jaipur;
- (1) Construction of one annexe with 24 beds was in progress at Pulayanarkotah (Kerala);
- (m) Plans for six annexes to provide accommodation for 127 beds at Itki (Bihar), Tambaram and Sivakasi (Madras) and Gwalior (M.P.) were approved.

In addition to the above, it was found possible to reserve during the year 335 additional beds in existing hospitals. However small, this rendered some measure of relief.

A decision taken during the year of real general interest related to the grant of extended sickness and medical benefits to insured persons suffering from leprosy, malignant and mental diseases on terms applicable to patients afflicted with tuberculosis.

The progress made during the year 1959-60 in regard to the extension of the Scheme to new areas as also in regard to the extension of medical care to the families of insured persons was fairly satisfactory. As against an additional 78,000 employees and 2,26,000 family units who benefitted during the year 1958-59, the Scheme covered an additional number of 81,450 employees and 2,13,400 family units during the year under review. A sum of about Rs. 3,05,00,000 was disbursed by way of cash benefits during 1959-60.

Not much progress could, however, be made by way of introducing the Scheme in Ahmedabad (Gujerat) and in the district of Hooghly and 24-Parganas (West Bengal). The quondam State of Bombay was bifurcated into two States—Maharashtra and Gujerat—only in May, 1960. The new State of Gujerat will necessarily require some time before finalising their plans. The Government of West Bengal prefer to finalise their medical arrangements before extending the Scheme to other areas.

## 2. Progress in Implementation.

During the year under review, the Scheme was implemented in Warrangal and Sirpur in Andhra Pradesh; Dalmianagar, Banjari and Japla in Bihar; Kozhikode, Feroke, Fort Cochin and Mattancherry area in Kerala; Bhopal and Nagda in Madhya Pradesh; Peelamedu, Perianaickenpalayam, Sivakasi, Rajapalayam and Dalmiapuram in Madras; Hubli in Mysore; Cuttack, Barang, Choudwar, Brajarajnagar and Rajgangpur in Orissa and Khasa and Dhariwal in the Punjab, covering about 81,450 employees. After taking into account the additional employment or reduction in the number of employees in the already implemented areas, the total number of employees covered at the close of the year, stood at about 15,446 lakhs. The areas covered with the number of employees, dates of implementation and the dates of extension of medical care to the families are shown in Appendix I.

## 3. Extension of Medical Care to Families.

Medical care was extended to the families of insured persons in the implemented areas of U.P., the Union Territory of Delhi, Warrangal in Andhra Pradesh, Bhopal and Nagda in Madhya Pradesh, Khasa and Dhariwal in Punjab and Dholpur and Sriganganagar in Rajasthan, covering about 2,134 lakhs additional family units. The total number of family units covered upto the end of the year was 4.475 lakhs in different areas of eight States and the Union Territory of Delhi as shown in Appendix I. In addition, the families of insured persons in the Sirpur in Andhra Pradesh, Banjari, Dalmianagar and Japla in Bihar, Hubli in Mysore and in Orissa where the Scheme was implemented during the year, would become entitled to medical care early next year.

#### 4. Programme for future extension.

The phased programme which had been drawn up last year for the implementation of the Scheme and coverage of families in all centres with insurable population of 1,500 and above in the country before the end of the Second Five Year Plan period could not be adhered to.

A revised tentative programme of implementation during the remainder of the Second Plan period was prepared and considered at the Labour Ministers' Conference held in January, 1960. The progress made towards the implementation of the programme in different States was as follows:—

## Andhra Pradesh.

The State Government decided to implement the Scheme in Adoni and Kakinada only during the Second Plan period and fixed 1st May, 1960 as the provisional target date.

## Bombay

The State Government deferred the extension of the Scheme to further areas in the State, except Sholapur, to the Third Five Year Plan period. It proposed to implement the Scheme in Sholapur and to extend medical care to families of insured persons in Greater Bombay and Nagpur areas from January, 1961.

#### Kerala

The State Government while agreeing to the revised phased programme expressed uncertainty of adhering to the target dates due to extreme dearth of medical personnel in the State.

#### Madras

Arrangements for the implementation of the Scheme in Trichy and Usilampatti were in progress, but the State Government had not indicated the target date for implementation.

## Rajasthan

The State Government decided to implement the Scheme in Udalpur only, the number of employees in other areas being less than 750.

#### Mysore

The State Government was considering the implementation of the Scheme in Dandeli, Bhadravati and Mangalore only.

#### Punjab.

The State Government intended to implement the Scheme in five centres viz. Sonepat, Phagwara, Kapurthala, Faridabad and Mandi Govindgarh.

## West Bengal

In consultation with the State Government it was decided to extend the benefit provisions of the Scheme for insured persons only to the Districts of 24-Parganas and Hooghly by the end of 1959. Arrangements for cash benefit and medical care were in progress However, towards the end of the year 1959 the employees' representatives demanded that the existing medical arrangements in the implemented areas in Calcutta and Howrah should be improved and the Scheme be extended to the new areas only after separate hospitals had been constructed and families were also included. The State Government was proceeding ahead to acquire sites and buildings for the establishment of hospitals and also for other medical arrangements.

## PROVISION OF MEDICAL BENEFIT

# 5. Arrangements for medical benefit and ancillary services in the implemented areas.

(a) Out-patient medical care.

Out-patient medical care under the Scheme is being provided both through the service system as well as the panel system. 293 State Insurance dispensaries were functioning in service system areas throughout the country, out of which 225 were full-time, 23 part-time, 23 mobile and 22 employers' dispensaries being utilised under the Scheme. These dispensaries were manned by 758 Insurance Medical Officers, including the doctors in employers' dispensaries. In the panel system areas 2,095 Insurance Medical Practitioners were employed. In addition, 263 approved chemists and 7 medical store depots dispensed special medicines to insured persons.

## (b) In-patient treatment.

During the year under report, 335 additional bcds were provided for in-patient treatment of insured persons, out of which 195 beds were for general diseases, 111 for T.B. and 29 for maternity. These beds included 45 general beds and 14 maternity bcds in separate wards constructed under the Scheme at Coimbatore. The total number of bcds provided under the Scheme at the end of the year was 2,169 consisting of 1,311 general beds, 114 maternity bcds and 744 T.B. beds.

## (c) Specialists' Services.

Specialist consultation and treatment was being provided separately to insured persons, through 7 full-time and 266 part-time specialists in various branches of medicine.

### Incidence of attendances at dispensaries/clinics of panel practitioners/hospitals/specialists.

During the year under report, 37,51,872 new and 1,12,84,395 old cases were treated at the various State Insurance dispensaries and clinics of punel practitioners as against 33,57,321 and 98,41,674 respectively during the year 1953-59. The number of cases referred for admission to hospitals and for specialist investigation also increased to 33,752 and 2,78,264 respectively as against the corresponding figures of 30,850 and 2,06,947 for the last year. The number of medical certificates issued was 41,47,192 as against 35,95,828 during the last year. The State-wise distribution of these cases is shown in Appendix II. The average daily percentage of incidence of new and old attendances at the State Insurance dispensaries/clinics of panel practitioners in various areas is also shown in that Appendix. The rate of new attendances per 100 insured persons showed a little change and stood at 277 as against 260 in the last year. The incidence of new attendances per 100 which was between 131 and 453 last year varied between 145 and 476 during the year under review. The rate of attendance was particularly high in Andhra Pradesh, Kerala, Madhya Pradesh, Mysore and in Calcutta and Howrah Districts in West Bengal.

## 7. Provision of medical treatment to insured persons migrating from one State to another

The benefit of medical care under the reciprocal arrangements was previously admissible only during temporary residents of an insured person in another State. The State Governments of Andhra Pradesh, Madhya Pradesh, Mysore, Orissa, Kereia, Rajasthan, Uttar Pradesh, Punjab and Delhi Administration agreed to the provision of medical care to those insured persons, who moved to another implemented area after leaving insurable employment, for the period they remained entitled to the medical treatment under the Scheme by virtue of their previous insurable employment

#### 8. Construction of Hospitals and Dispensaries.

The progress towards construction of hospitals has been slow in the previous years. The main reason for the delay in the establishment of hospitals has been the difficulties in siting and acquisition of suitable lands. During the year under review, top priority was given to this matter A master plan was drawn up for the construction of hospital beds in separate hospitals and annexes to the existing hospitals to meet the requirements of hospital beds for insured persons for all areas. The Plan and a time-schedule for the construction work was sent to the State Governments, to ensure completion of the construction work according to the prescribed schedule. The respective State Governments concerned were requested to acquire land for establishment of separate hospitals in Calcutta, Bombay, Nagpur, Ahmedabad, Kanpur, Bangalorc, Madras, Madurai, Coimbatore, Indore and Delhi. In addition, for small industrial centres where hospital facilities were inadequate, the Corporation decided to set up "Cottage type" hospitals.

The progress made towards the construction of hospitals, annexes and dispensaries, in different States was as follows:—

#### Andhra Pradesh

A 32 bedded annexe in the K.E.M. Hospital, Hyderabad was completed and put into use

The construction work of Kavadiguda dispensary at Hyderabad was nearing completion. In addition, plans and estimates for the construction of four more dispensaries with staff quarters—two at Sirpur and one each at Nellimarala and Chittivalasa—at an estimated cost of Rs 14.25,000/- were finalised

## Assam

Being a very sparsely industrialised State, a few beds for in-patient treatment were required in the State. The Corporation agreed to the construction of a 10 bedded TB, annexe in the T.B. Hospital, Gauhati which would meet

the requirements of all the five centres in the State. For the construction of dispensaries, a plot of land of about 4100 sq. yards was being acquired at Dhubri and another had been sited at Gauhati.

#### Ribar

Details were being worked out by the State Government to establish a cottage type hospital in the newly constructed premises of the Imperial Tobacco Company Hospital at Monghyr, which was proposed to be placed at the disposal of the Employees' State Insurance Scheme.

The plans and estimates for the construction of 20 bedded T.B. annexe at Itki Sanatorium were approved by the Corporation.

The State Government also completed the work of selection of sites for the construction of State Insurance dispensaries in all the centres viz. Muktapur, Katihar, Monghyr and Patna and the plans and estimates were under preparation.

## Bombay.

The construction work on the 300 bedded Mahatma Gandhi Memorial Hospital, Bombay, was progressing satisfactorily and by the end of the year under review R.C.C. frame work had been completed and the brick masonry work had commenced.

The sites for the two general hospitals, one at Worli and the other at Muland in Greater Bombay, had been selected. The administrative approval was also accorded by the State Government to the plans and estimates amounting to about Rs. 25,67,426/- for the construction 200 bedded hospital at Worli.

#### Kerala.

The construction of a 24 bedded T.B. annexe in T. B. hospital, Pulayanarkotah, was in progress.

The plans and estimates for the construction of a three doctored State Insurance dispensary and staff quarters for essential staff at Quilon and a two doctored State Insurance dispensary and staff quarters for essential staff at Udyogamandal were also finalised.

#### Madras.

The State Government accorded its administrative approval for the construction of 175 bedded general (including maternity) and T.B. hospital at Madras at an estimated cost of Rs. 27 lakhs (excluding the cost of land at Rs. 1,90,050/-). The Corporation also advanced a sum of Rs. 2 lakhs as the first instalment.

The plans and estimates for the construction of two T.B. Wards with 25 beds each in the Tambaram T. B. Sanatorium, Madras and a 12 bedded wing in the Government Hospital, Sivakasi, were approved.

For construction of dispensaries also two plots of land measuring about  $2\frac{1}{4}$  acres each—one in Tondiarpet and the other in Perambur in Madras city—were selected.

## Mysore.

The plan of a hospital with 170 beds at Bangalore was finalised and the estimates were under preparation with the State Public Works Department.

One of the two T.B. annexes with 16 beds each at S.D.S. Sanatorium, Bangalore, was nearing completion.

The sites for the construction of five State Insurance dispensaries at Bangalore were selected and steps for their acquisition were being taken by the State Government.

## Madhya Pradesh.

A plot of land at Nandanagar, Indore, was selected for the construction of an Employees' State Insurance hospital and the plans and estimates were being prepared by the State Public Works Department.

The plans and estimates for the construction of a 25 bedded general and 20 bedded T. B. annexe in the Government Jayarogya Hospital, Gwallor, were finalised.

## Punjab.

The administrative approval of the Corporation for the construction of 12 bedded T. B. annexes each at Dharampur and Sangrur was communicated to the State Government.

## Rajasthan.

The construction of 15 bedded T. B. annexe at King George V T. B. Sanatorium, Jaipur, was nearing completion.

The plans for the construction of eight State Insurance dispensaries with residential quarters for essential staff at Jaipur, Jodhpur, Pali, Beawar, Bhilwara, Swaimadhopur and Sriganganagar at an estimated cost of Rs. 18 lakhs were approved. At Beawar, a plot measuring about 6.5 acres was also acquired from the Municipal Council.

#### Uttar Pradesh.

The construction of the main building of the 112 bedded hospital at Kanpur started in January, 1960 as scheduled. The hospital was expected to be brought into use early in 1961.

A site for a separate 100 bedded chest hospital had also been sited at Kanpur.

It was decided to set up a cottage hospital at Modinagar and the State Government was approached to acquire a site for the same.

Two plots of land measuring about 1780 sq. yards and 2190 sq. yards were purchased for the construction of State Insurance dispensaries at Kanpur.

## West Bengal.

About ten to twelve independent hospitals would be required for insured persons in the four districts in Greater Calcutta. The State Government set up a special unit under the charge of an Assistant Director of Health Services to deal with the construction of hospitals. A detailed plan for the hospitals on both sides of the River Hooghly had been prepared and acquisition proceedings for the plots had been started. In addition, the authorities of the National Medical Institute made an offer to the Corporation for the purchase of their hospital premises on Upper Circular Road, which was under consideration of the State Government.

## OTHER MATTERS RELATING TO MEDICAL BENEFIT

## 9. Family Planning Programme under the Employees' State Insurance Scheme.

The Corporation had drawn up a Scheme last year to provide advice and guidance on Family Planning to insured persons at the State Insurance dispensaries. During the year under review, the State Governments of Andhra Pradesh, Kerala. Madhya Pradesh, Rajasthan, Orissa, Punjab, and Uttar Pradesh conveyed their agreement to the Scheme. The matter was under consideration of other State Governments.

# 10. Payments to the State Governments on account of the Corporation's share of the expenditure on medical benefit.

The Corporation paid to the State Governments a sum of Rs. 2,19,28,045. 33 nP. as its share of the expenditure incurred by the State Governments on

the provision of medical benefit under the Scheme. The break up of the above amount was as follows:

'On count' payment for 1959-60			Rs.	1,98,03,587.50 nP.
Final payment in settlement of account for 1958-59			Rs.	9,46,504.65 nP.
Provisional payment in settlement of account for 1958-59		٠.	Rs.	7,50,000.00 nP.
Final payment in settlement of account for 1957-58			Rs.	2,82,259.17 nP.
Final payment in settlement of account for 1956-57			Rs.	1,42,647.87 nP.
Final payment in settlement of account for 1955-56			Rs.	3,046.14 nP.
	TOTAL	-	Rs.	2,19,28,045.33 nP.

## 11. Medical Service and Allocation Committees.

The Allocation and Medical Service Committees which have been set up by the State Governments to perform certain statutory functions regarding selection of panel doctors, investigation of complaints etc. continued to function in the following areas where medical care is being provided through the panel system.

## Bombay.

The Ayurvedic and Allopathic Allocation Committee held, in all, 21 meetings and included 162 additional Insurance Medical Practitioners on the medical list. The Ayurvedic and Allopathic Medical Service Committees entertained 30 complaints for investigation and completed investigations in 11 cases.

#### West Bengal.

The Allocation Committee for Calcutta and Howrah Districts held 5 meetings and included 18 more panel doctors on the medical list. It also entertained 48 complaints for investigation. The Medical Service Committee also entertained 5 cases for investigation. As the investigations were not completed, no action had been taken on those complaints.

## Punjab.

The Allocation Committee held 3 meetings and brought 2 more Insurance Medical Practitioners on the medical list. It also investigated 3 complaints. The Medical Service Committee investigated 2 complaints.

#### Madras (Coimbatore).

The Allocation Committee held 11 meetings and brought 11 Insurance Medical Practitioners on the medical list. The Medical Service Committee had no occasion to meet during the year.

#### 12. Medical Referees.

At the close of the year, the Corporation had 20 full-time and 19 part-time Medical Referces to re-examine insured persons on incapacity references in doubtful cases of medical certificates issued to workers by Insurance Medical Officers/Insurance Medical Practitioners and to carry out certain functions in regard to the provision of medical care. Of the part-time Medical Referees, eleven were newly appointed during the year. The Medical Referees disposed of a total number of 94,730 incapacity references during the year. The number of cases which were actually examined was 42,651 i.e. 45% of the total cases, out of which 10,121 (10.7%) cases were found fit to resume duty and 32,530 (34.3%) were found unfit. Of the remaining references, 22,812 (24.1%) cases were declared off (made fit to join duty by Insurance Medical Officers/Insurance Medical Practitioners) and 29.267 (30.9%) cases did not report for examination before the Medical Referees.

## 13. Morbidity Data.

The State-wise statistics of certain important groups of diseases met with among insured persons together with comments thereon are given in Appendices III and IV. The average number of new spells of sickness per worker came to 2.79 during 1959-60 as against 2:60 in 1958-59. During the year under review common cold, bronchitis and influenza together accounted for nearly 24% of total sickness as against 18% in the previous lear. Diseases of the digestive system formed a major block, in which dysentery, diarrhoea and diseases of the stomach and duodenum predominated. Diseases of the skin covering boils, abseess, cellulitis and others came next in importance from the point of view of heaviness of incidence. Malaria continued to account for a substantial portion of the total sickness. Arthritis and rheumatism, acute pharyngitis and tonsillitis were fairly common. Other specific diseases commonly met with are diseases of the eye, avitaminosis and other deficiency state.

Tuberculosis and venereal diseases are generally the major problems in industrial health. During 1959-60 the rate of incidence of pulmonary tuberculosis was practically the same as that experienced last year and stood at 10 per thousand as against 9.28 last year. Tuberculosis of other forms was 2 per thousand as against 2.14 in 1958-59. Gonococal infection recorded a rate of 11.48 per 1000 and syphilis 6.41 as against the higher rate of 13.7 and 7.8 respectively in the previous year. In the case of these diseases it is, however, likely that the workers might not have fully availed of the medical aid under the Scheme because of the social stigma attached to these diseases. Cancer had only a rate of 0.48 per thousand but this disease derives its importance from the protracted misery it causes to the victim.

The analytical note in Appendix IV gives a detailed discussion of the incidence of diseases in areas covered by the Scheme in the various States.

## PAYMENTS OF CASH RENEFITS

#### 14. Number of Payments.

The Corporation made about 17 lakhs payments of cash benefits to insured persons through its Local/Sub-Local/Pay Offices throughout the country during 1959-60, giving an average of about 1:41 lakh payments per month. The number of payments made in each State are shown in Appendix V.

#### 15. Sickness Benefit.

#### (i) Amount paid.

As a result of the implementation of the Scheme in new areas between July 1958 and June 1959, an additional 96,500 insured workers became eligible for cash sickness benefit during the year under report. The total number of employees entitled to the sickness cash benefit at the end of the year was about 14.63 lakhs. The payments of sickness benefit made during the year and the comparative figures for the previous years are shown in Appendix VI. It will be observed that during the year an amount of Rs. 216 lakhs was so paid as against Rs. 180 lakhs paid last year, i.e., there has been an increase of 20% over the amount paid in the last year. The increase was partly due to the increase in the coverage of workers. From 1st June, 1959 insured persons suffering not only from tuberculosis but also from leprosy, mental and other malignant diseases became eligible for extended sickness cash benefit at a reduced rate for an additional period of 18 weeks. During the year, an amount of Rs. 6:20 lakhs was paid to insured persons on this account as against Rs. 5:64 lakhs paid in the previous year.

## (ii) Incidence of Sickness.

There had not been any abnormality of the nature of country-wide epidemics etc. during last year and the year under review. Normally, therefore, if we had a consistent experience without any trend whatsoever, the various rates brought out in Appendix VI should be almost similar for the two years. This has, however, not been the position and the average number of sickness days per annum per employee has gone up from 6.6 in 1958-59 to 7.3 in 1959-60. The average daily benefit rate has, however, continued to be the same. The combined effect of these two factors was that the sickness cost per annum per employee recorded an increase over last year's which might be due to either that the insured persons have been getting conscious of their rights under the Scheme or that the Scheme was now being implemented in areas bordering on

sparse localities which might not be as healthy as other big cities where the Scheme has already been implemented in the previous years. Nevertheless, the incidence of sickness benefit has yet to reach a stabilised position, and judging from the recent trends and particularly, in view of the fact that apart from these causes a substantial proportion of sparse areas has yet to be covered, the possibility of further rise in the incidence of sickness benefit could not be ruled out.

## (iii) Comparative analysis.

The data given in Appendix VI would show that the incidence of sickness benefit cost which is dependant upon the average number of benefit days per annum per insured employee and the average rate of benefit per day, varied very widely from State to State. For instance, the average daily benefit rate was not less than Rs. 2/- in Bombay (G), Delhi, Madhya Pradesh and Mysore. In all the other areas except Kerala, it was ranging between Rs. 1.6 and Rs. 2. In Kerala it was slightly less. The average number of benefit days per annum per employee was more than 8 days in the States of Andhra Pradesh, Kerala, Madras, Madhya Pradesh and Mysore and was ranging between 6 and 8 days in the States of West Bengal, Delhi and Bombay (G) and was less than 6 days in other States.

It would not be out of place to state that the higher average daily rate of benefit in any particular place does not necessarily mean that that place would be one of high sickness cost. It should be observed, in this context, that the place of higher average daily wage is also the place of higher wage roll and as such the contributions received there are, as an offsetting factor, correspondingly higher.

## 16. Maternity Benefit,

Maternity benefit payments made in each State during the year and the comparative figures for the preceding year are shown in Appendix VII. There has been an increase of about 8% in the number of women covered mainly as a result of extension of the Scheme to new areas. The amount paid as maternity benefit was Rs. 13:60 lakhs during the year which showed an increase of about 32:50% over the last year's. The average cash benefit paid per case also increased from Rs. 189 in the last year to Rs. 238 during the year under review. The number of cases per 1,000 insured women decreased from 59 in 1958-59 to 57:6 during the year. The average number of benefit days per claim also decreased from 73 days in 1958-59 to 71 days in 1959-60.

However, the average daily rate of benefit has increased from Rs. 2.6 in 1958-59 to Rs. 3.3 in 1959-60 which principally accounted for the increase in the average cash benefit per claim paid in 1959-60 as stated above. This might be principally due to the effect of the enhancement in the rate of maternity benefit being reflected for a full financial year for the first time during the year under review. As in previous years, the insured women's failure to comply with the requirements of the Regulations due to ignorance or other bona fide reasons was liberally condoned during the year under review as well.

#### 17. Temporary Disablement Benefit.

During the year, 81,450 more workers became entitled to temporary disablement benefit thus raising the total number of employees covered for the benefit to 15.446 lakhs.

The particulars of payments of temporary disablement benefit made during the year under report and the comparative figures for the previous year are shown in Appendix VIII. A sum of Rs. 22.01 lakhs was paid as temporary disablement benefit during the year as against Rs. 16.87 lakhs paid last year. The increase was partly due to the increase in the number of insured employees covered for the benefit and also partly due to the amendment of Workmen's Compensation Act reducing the waiting period for eligibility for Temporary Disablement Benefit from 7 days to 3 days with effect from 1st June 1959. The average number of benefit days per annum per employee in 1959-60 was 0.74, which indicated a slight increase over the corresponding figure of 0.61 for the last year.

## 18. Permanent Disablement Benefit,

The coverage of workers for this benefit was the same as for temporary disablement benefit. The number of fresh permanent disablement cases admitted during the year under report and comparative figures for the previous year

are shown in Appendix IX. The number of fresh cases admitted during the year was 1,811 as against 1,721 in the last year, but the incidence rate per thousand insured employees showed a decrease from 1.3 in the last year to 1.26 in the year under review.

As permanent disablement benefit is in the form of a life annuity and the Scheme has been generally expanding, the number of beneficiaries on funds and the amount of benefit disbursed increased rather sharply from 5,763 to 7,039 and from Rs. 4.70 lakhs to about Rs. 7.84 lakhs respectively during the year.

The permanent disablement benefit reserve fund as at the close of the year under review was Rs. 93.65 lakhs (net) after adding interest on investments and deducting the payments made.

The data in Appendix IX shows that in many of the States, the rate of incidence of permanent disablement benefit was round about one per thousand but in Delhi it has been higher, being 3.51 during the year as against 0.80 last year. In Bombay, it was 1.56 i.e., slightly higher than the rate of 1.5 for the preceding year. On the other hand, the rate was the lowest in Kerala, where it was at the level of 0.52 as against 0.80 in 1958-59. The over-all figure for the whole of India, however, showed a decrease of 0.04 and stood at 1.26 as against 1.30 in the two previous years.

#### 19. Dependants' Benefit.

The coverage of the workers for this benefit was the same as in the cases for temporary disablement benefit. The number of dependants' benefit cases that arose during the year under report along-with the capitalised value of the claims and comparative figures for the preceding years are given in Appendix X. The number of death cases admitted for dependants' benefit increased from 100 in 1958-59 to 119 during the year and the total amount paid as benefit for the dependants increased from Rs. 191 lakhs to Rs. 2.78 lakhs.

At the end of the year under report, 1,057 dependants of deceased insured persons, as per details given below, were on the funds:—

			For cases arising		
			during 1959-60	Prior to 1-4-1959	
₩idows			104	246	
Sons		•	107	264	
Daughters			92	190	
Fathers			<b>5</b>	12	
Mothers			4	21	
Other dependants	8	•	3	9	
		TOTAL	315	742	

The dependants' benefit reserve fund as at the close of the year was Rs. 29'92 lakhs (net) after adding interest on investments and deducting the payments made during the year.

#### 20. Other Benefits.

Other benefits given to the insured persons were:-

- (i) Payment of conveyance charges and/or compensation for loss of wages to insured persons required to appear before a medical board, medical referee or at the hospital;
- (ii) supply of artificial limbs and travelling and other expenses in connection therewith; and
- (iii) remittance of cash benefit by money order at the cost of the Corporation.

An amount of about Rs. 1,34,100 was spent during the year on these benefits of which Rs. 13,400 was for supply of artificial limbs.

## 21. Total cash benefits paid.

The total amount of cash benefits paid to the insured persons during the year and comparative figures for the previous year are as follows:—

## (Figures in thousands of rupees)

	Year	•Sickness benefit	Matern- ity benefit	Temporary Disablement benefit	Depen- dants' benefit	Permanent Disablement benefit	Other hene- fits	Total Cash terefi
	1	2	3	4	5	6	7	8
Upto For For	1957-58 1958-59 1 <b>959-6</b> 0	3,70,26 1,85,43 2,22,14	11,57 10,26 13,59	, ,	2,65 1,91 2,78	6,19 4.70 7,84	1,23 98 1,34	4.37,95 2,20,15 2,69,70
Total upto	1959-60	7,77,83	35,42	84,93	7,34	18,73	3,55	9,27,80

<sup>\*</sup>Including Extended Sickness Benefit.

## 22. Analysis of permanent disability cases according to degree of disability.

With a view to get an idea of the degree of disablement in respect of the permanently disabled cases, an analysis of 952 finally decided cases was made out of the 1,808 cases of accidents that resulted in permanent disablement during the year. The State-wise analysis is indicated in Appendix XI. It would be observed that in 67 per cent. of cases, the disability did not exceed 15 per cent. The extent of disability was more than 50 per cent in 7·14 per cent, of the cases only as compared to 6·8 per cent. of the cases in the last year.

The overall average of partial permanent disability of cases assessed finally came to 16 per cent. showing a slight increase over the last year's average of 14.9 per cent.

#### IMPROVEMENTS IN SERVICE TO INSURED PERSONS

# Payment of benefits in cash to the insured persons by money order at the cost of the Corporation.

The concession of remittance of cash benefit by money order at the cost of the Corporation irrespective of the amount involved which was previously sanctioned upto June, 1959, was extended further upto June, 1960, subject to review thereafter

## 24. Payment of cash benefit to insured persons getting in-patient treatment in the hospitals.

In order to avoid difficulties in obtaining cash benefits to the insured persons receiving in-patient treatment in the hospitals it was decided to make payment to the insured persons in the hospital itself. To start with this procedure has been adopted at Bangalore and Madras where there are separate hospitals under the Employees' State Insurance Scheme.

# 25. Extended cash benefit and medical care for leprosy, mental and malignant, diseases.

The provision of extended sickness cash benefit and medical care which was being granted to insured persons suffering from tuberculesis was extended also to the insured persons suffering from chronic diseases like leprosy, mental and malignant diseases. The limit of continuous employment for entitlement to extended medical care was also reduced from 3 years to 2 years for insured persons suffering from tuberculosis as well as for those suffering from leprosy, mental and malignant diseases. The period of protection from dismissal or discharge by the employer which is ordinarily for six months was also extended to one year in these conditions.

#### PART II

## 26. Medical Benefit to Families of the Insured Persons.

The title of the families of the insured persons for medical benefit, which is regulated under Regulation 95-A of the Employees' State Insurance (General) Regulations, 1950, is co-terminus with that of the insured person himself. The title of the insured person to medical care ceases on his death. During the year, it was decided that in the event of death of the insured person, his family would continue to remain entitled to medical care till the date up to which the insured person would have remained entitled to medical care had he survived. Necessary amendments to the Regulations were being made.

27. Payment Of Conveyance Allowance and/or Compensation for loss of Wages to the Insured Persons required to appear before the Medical Referee under Regulation 71(1) of the Employees State Insurance (General) Regulations, 1950.

So far, the conveyance allowance and/or compensation for loss of wages was being paid only to those insured persons who appeared before the Medical Referee in connection with their reference to the Medical Board for assessment of Permanent Disablement Benefit. This concession was extended during the year to all insured persons who are required to appear before the Medical Referee under Regulation 71 (1) or the employees' State Insurance (General) Regulations, 1930.

## OTHER MATTERS RELATING TO CASH BENEFITS

## 28. Delays in payment of Cash Benefits.

The problem of delays in payment of cash benefit has been receiving attention of the Corporation for some time past. In order to determine the real extent of the problem and to find remedial measures, a study of the problem was entrusted to Messrs, N. C. Corporation (Private) Limited, Bombay, who specialise in the application of statistical techniques to such problems. The study was limited to the experience of two Local Offices in Bombay on two days each and of one Local Office on one day only. Though such a limited survey could not throw up definite conclusions for application all over Irdia, yet the results would be useful in so far as they indicate tendencies which needed to be watched. The report was under examination at the year end, with a view to prescribe remedial measures.

## 29. False Declaration of Abstention from work.

A study of the problem of fraudulent false declaration of abstention from work with a view to get benefit, not otherwise due, was made in five selected regions. In 5 to 10% of cases, abstention from work was verified by a reference to the employers. All the employers did not reply to the queries. Out of the replies received, the following percentages disclosed false declarations:—

Bombay	3.6%
Kanpur	4.46%
Calcutta	6%
Madras	6.77%
Trichur	18.6%

A break-up of the period of incapacity for which the false declarations were made, disclosed the following results:—

Name of the Region				One day	Two days	Three days	Four days & above
		%	%	%	%		
Trichur	•			30	16	8	46
Madras				57.54	12.01	7.54	22.9

Bombay		•	•	75	9.4	4.4	11.2
Calcutta				80	3	2	15

A worker certified sick after a day's work could inadvertently make a wrong declaration of the abstention from work on that day. Similarly a worker certified fit from a day after the date of visit to the dispensary and who innocently reported to duty the same day could also later on certify abstention from work as per certificate. As the sickness benefit is not payable for a waiting period of two days, it was reasonable to assume that false declarations upto 2 days were made inadvertently. After ignoring false declarations upto 2 days, it would appear that out of the false declarations detected the percentage relating to 3 days or more was 15.6% in Bombay, 17% in Calcutta, 26% in Kanpur, 30.45% in Madras and 54% in Kerala.

As a result of this review, abstention verification has been intensified in Kerala. Insured persons whose criminal intent appeared to be beyond doubt were also being prosecuted in all places.

## CONTRIBUTIONS AND ENFORCEMENT

## 30. Income from Contributions.

The total amount of employees' contribution and employers' special contribution received during the year was Rs. 4,08,09,252 and Rs. 3,18,53,731 respectively, as shown in Appendix XII as against Rs. 3,81,11,950 and Rs. 2,90,24,081 received in the last year.

#### 31. Legal Action.

Prosecutions were continued to be resorted to against persistent defaulters and contributions were continued to be recovered through legal action under the relevant sections of the Act. The total number of legal cases instituted during the year region-wise under various sections of the Act and the amounts involved are shown in Appendix XIII.

## 32. Action under Sections 66 and 67 of the Employees' State Insurance Act, 1948.

During the year 44 cases involving a sum of Rs. 1,36,854.77 nP. were filed in the Employees' Insurance Courts under Section 66 of the Act and a sum of Rs. 34,539.28 nP. was recovered from the employers. Similarly, 6 cases involving a sum of Rs. 35,549.69 nP. were filed under Section 67 in the Employees' Insurance Courts, but no amount was recovered during the year under report.

## 33. Employees' Insurance Courts.

The following Employees' Insurance Courts were set up during the year by the State Governments under Section 74 of the Employees' State Insurance Act, 1948, in the implemented areas:—

Name of the State	Areas for which Employees' Insurance Court set up.	Presiding Oficer of the Court on whom the powers to act as Employees' Insurance Court have been conferred.			
(1)	(2)	(3)			
Assam	Gauhati, Dhubri	Labour Court, Gauhati, Additional Distt. Magistrate, Dhubri.			
	Dibrugarh & Tinsukia- Makum	Additional Distt. Magistrare, Dibrugarh.			
Kerals	Kozhikoda & Feroke, Fort Cochin & Mattancherry.	Industrial Tribunal, Kozhikode. Industrial Tribunal, Ernakulam.			
Madhya Pradesh	Nagda & Bhopal.	Civil Judge (Class I), Ujjaln. Civil Judge (Class I), Bhopal.			
Madras	Siyakasi & Rajapalyam. Perianaickenpalayam &	District Judge, Remanathapuram.			
	Pcel·medu. Dalmiapuram.	District Judge, Colmbatore. District Judge, Tiruchirapalli.			

(1)	(2)	(3)
Punjab	Khasa. Dhariwal.	Senior sub-Judge, Amritsar. Senior sub-Judge, Gurdaspur.
Rajasthan	Shriganganagar. Dholpur. Beawar.	Civil Judge, S1igənganagar. Civil Judge, Dhəlpur. Civil Judge, Beawar.
Utter	Mirzapur	Presiding Officer of Criminal Court,
Pradesh	Ghaziabad & Modinagar.	Mirzapur. Presiding Officer of Criminal Court,
	Sahjanwa.	Ghaziabad. Presiding Officer of Criminal Court, Sahjanwa.

## 34. Inspections.

The strength of Inspectors increased from 79 to 91 during the year. The increase in the number of inspectors was due mainly to the extension of the Scheme to Bihar, Orissa and other areas and the proposed extension to 24-Parganas and Hooghly District. The number of inspections carried out during the year was 12,522 as against 11,273 in the year 1958-59.

In order to exercise a better and effective control on the work of the Inspectors, a post of Assistant Regional Director (Inspection) charged with the duty of controlling and supervising the inspection work, realization of contributions etc. was created in each of four big regions viz., Bombay, Calcutta, Madras and Kanpur. The Assistant Regional Directors (Inspection) were also required to conduct a percentage test inspection of factories already inspected once by the Insurance Inspectors, and to take appropriate and speedy measures for realisation of contributions etc.

#### ADMINISTRATION

## 35. Regional Organisation.

The following two more Regional Offices were set up on State-wise basis:—

State	Place	Date
1. Ahmedabad Areas (Gujerat State)	Ahmedabad	1st June, 1959.
2. Orissa State	Cuttack	17th September, 1959.

Fifteen Regional Offices were, thus, functioning in all the States and in the Union Territory of Delhi at the close of the year.

## 36. Local/Sub-Local/Pay/Inspection Offices.

On the implementation of the Scheme in new areas, 68 more offices were established. The total number of offices at the end of the year was 281 and their State-wise distribution is shown in Appendix XIV.

## 37. Strength of staff.

The total authorised strength of officers and staff of the Corporation as on the 31st March, 1960 was 3,464 as against 2,954 on the 31st March, 1959. The staff authorised in various regions as on 31st March, 1960 is shown in Appendix XV.

## 38. Principal Officers.

The following appointments of Principal Officers were made by the Central Government:-

(a) Shri S. K. Chhibber, I.A.S., was appointed as Insurance Commissioner from the 7th August, 1959.

(b) Shri V. R. Natesan, M.A., B.L., F.I.A., a Regional Director under the Corporation, was appointed as Actuary from the 21st March, 1960 in the vacancy caused by the reversion of Shri S. P. Jain to the Government of India.

Colonel V. M. Albuquerque, Director General, proceeded on leave preparatory to retirement from the afternoon of the 25th February, 1960 and the Central Government appointed Shri S. K. Chhibber, I.A.S., as officiating Director General from that date.

The post of Medical Commissioner remained unfilled during the year.

## 39. Staff and Conditions of Service Regulations.

The Employees' State Insurance Corporation (Staff and Conditions of Service) Regulations, 1959, were finally approved by the Central Government and were published in the Gazette of India (Part III, Section 4), dated the 26th December, 1959. The Employees' State Insurance Corporation (Recruitment) Regulations were awaiting finalisation.

#### COMMITTEES AND CONFERENCES

## 40. Corporation.

The Employees' State Insurance Corporation held four meetings on 1st April, 1959, 15th July, 1959, 4th February, 1960, and 7th March, 1960. The important decisions taken at the meetings are given in Appendix XVI.

## 41. Standing Committee.

The Standing Committee of the Corporation held three meetings on 14/15th July, 1959, 4th December, 1959 and 3rd February, 1960. The important decisions arrived at in these meetings are given in Appendix XVII.

#### 42. Medical Benefit Council.

The Medical Benefit Council held its seventh meeting on 1st September, 1959. The Council inter alia made recommendations on a number of matters described in Appendix XVIII.

## 43. Regional Boards.

Four more Regional Boards were set up in the following States with effect from the dates shown against each:—

	State for which Regional Board set up	Date
I.	Kerala	8th April, 1959
2,	Punjab	rst June, 1959
3.	Bombay (Maharashtra)	27th October, 1959
4.	Assam	14th March, 1960

At the end of the year, Regional Boards were functioning in all the States except in Orissa, Mysore and Ahmedabad areas. Action was being taken to set up Regional Boards in Orissa and Mysore. As for the Ahmedabad areas, the Regional Board will be set up as and when the Scheme is implemented there.

All the Regional Boards except for Assam, Kerala, and Rajasthan, held meetings during the year. The Regional Directors who act as Sccretaries of the Regional Boards were also advised to convene at least two meetings of the Regional Board in a year.

### 44. Local Committees.

Eleven more Local Committees were set up during the year increasing the total number of Local Committees functioning at the end of the year to 33. The Committees met from time to time and dealt with local problems.

## 45. General Purposes Sub-Committee.

The Standing Committee at its meeting held on the 14th/15th July, 1959, elected a General Purposes Sub-Committee consisting of the representatives of the employers, employees, medical profession, Parliament, and State Governments on the Corporation, to visit various places in the country and to study the working of the Scheme there. The Committee after visiting Calcutta and Howrah areas in West Bengal, Dibrugarh, Tinsukia and Gauhati in Assam, Madras and Madurai in Madras State and Bangalore, submitted its report and made recommendations for the improvement of the Scheme.

## 46. One-Man Enquiry Commission.

In April, 1959, the Government of India appointed a one-man Commission of Dr. A. L. Mudaliar, Vice-Chancellor, University of Madras, to enquire into the working of the Employees' State Insurance Scheme with particular reference to delay in the extension of the Scheme to new areas, extension of medical care to families and the delay in the construction of hospitals. Dr. Mudaliar visited Delhi, Bombay, Calcutta, Hyderabad, Madras, Madurai and Coimbatore and interviewed the various representatives of the employers, employees, medical profession and other interests, and also invited memoranda from them regarding the working of the Scheme. His report to the Government was awaited at the year end.

## 47. I.L.O. Seminar.

Shri Basheshar Nath, Director of Establishment, was deputed by the Government of India to attend the I.L.O. Seminar on Social Security at Prague from 1st August, 1959 to 10th September, 1959.

## **PUBLICITY**

48. The implementation of the Scheme in the State of Orissa was formally inaugurated at Barang by the Chief Minister of the State on 31st January, 1960. Inaugural functions were also held in other areas where the Scheme was implemented during the period.

Talks and discussions on the different aspects of the Scheme in different regional languages were broadcast on the All India Radio. Six such programmes were relayed from the Calcutta Station of the All India Radio and one each from Cuttack, Lucknow, Hyderabad and Kozhikode.

The film 'Dawn of Social Security' in English, Hindi and other regional languages was shown in various prominent industrial areas of Kozhikode, Feroke, Warrangal, Mattancherry and in Calcutta.

The Regional Offices at Kanpur, Calcutta and Jaipur participated in exhibitions organised by the Labour Departments of the respective State Governments. Display of pictorial and statistical charts constituted the main exhibits on all these occasions, and pamphlets were also distributed.

The State Government of Madras published two special brochures on the eve of the extension of the Scheme in Peelamedu and Dalmiapuram areas. A photo-feature on the activities of the Scheme regarding medical aid to insured persons was published in a Malayalam Weekly of Trichur. The Republic Day issue of two language journals of Uttar Pradesh—namely "Uttar Pradesh" and "Shramjivi"—included two articles on Employees' State Insurance Scheme.

With a view to impart knowledge to the staff members of the employers, training classes were organised at Baliapattam, Calcutta, Cannanore, Delhi, Jaipur and Tellicherry.

A number of meetings were organised by the officers of the Corporation on various occasions in Labour Welfare Centres, factories as well as concentrated labour areas to explain and elucidate the benefits, rights and obligations of the insured persons under the Scheme. Contacts were made with workers, Labour Welfare Officers and authorities of different mills and factories situated in uncovered areas to explain to them the benefits of the Scheme.

## BUDGET AND FINANCE

## 49. Financial and Accounting arrangements.

- (a) The Revised Estimates for the year 1959-60 and Budget Estimates for 1960-61 were adopted by the Corporation at its meeting held on 4th February, 1960. These estimates as adopted by the Corporation have since been approved by Central Government.
- (b) The audit of the accounts of the Corporation for the year 1958-59 was conducted as in the previous years by the Government Auditors (Accountant General, Central Revenues) appointed by the Central Government during the year 1959-60. The Central Government in consultation with the Comptroller and Auditor General of India have now decentralised the audit of the accounts of the Corporation with effect from the accounts for the year 1959-60. Accordingly the audit of accounts of each region will, in future, be conducted by the respective Accountant General who will act as Sub-Audit Officer to the Accountant General, Central Revenues. The consolidated Audit Report will be prepared by the Accountant General, Central Revenues, as usual.
- (c) 25 Bank Accounts for the Local and Sub-Local Offices including 4 Accounts for the Regional Offices were opened during the year with the State Bank of India and Central Bank of India, Ltd.

Arrangements for the sale of Employees' State Insurance Contribution Stamps were also made with the Branches of the State Bank of India and Central Bank of India Limited referred to above

The accounts of the Local Office, Abdullapur, were transferred during the year from the Central Bank of India Ltd., Jagadhri, to the State Bank of India, Jagadhri. The account of Local Office at Pallavaram (Madras) was closed during the year as the Local Office was down-graded as Pay Office.

## 50. Investments.

After meeting the expenditure during the year, a sum of Rs. 1,95,63,065.58 nP. (net) was invested in the Government securities including 12-Year Postal Cash Certificates and Short Term Deposits with the State Bank, of India, New Delhi. This brought the total amount invested including investment relating to certain Reserve Fund, upto the close of the year, to Rs. 18,40,94,652.49 nP. as shown below:—

Securities of the Central and State Governments in India . . Rs. 18,06,40,597-49 nP.

12 Year National Savings Certificates . . Rs. 19,54,055-00 nP.

Short Term deposits with the State Bank of India Rs. 15,00,000-00 nP.

Rs. 18,40,94,652-49 nP.

The amount of investment made under each category as on 31st March, 1960, is given in the statement at Appendix XIX. The amounts invested as on 31st March, 1959 and 31st March, 1958 have also been shown in the Statement, for purposes of comparison.

## 51. Income and Expenditure Account and Balance Sheet.

The Income and Expenditure Account of the Corporation for the year 1958-59 is given in Appendix XX.

The Balance Sheet of the Corporation for the year 1958-59 as certified correct by the Auditors of the Corporation is given in Appendix XXI.

The Income and Expenditure Account and the Balance Sheet of the Corporation for the year 1959-60 are given in Appendices XXII and XXIII. These have still to be audited by the external auditors. The due date for completion of audit and the submission of the audit report for the year 1959-60 is 1st September, 1960.

## 52. Cost of Administration.

The statement below shows the comparative cost of administration per insured employee during the last 4 years from 1956-57 to 1959-60:—

1956-57	Rs.	4-59	$\mathbf{Per}$	insured	employee.
1957-58	Rs.	5 · 16	Per	insured	employee.
1958-59	Rs.	5-28	Per	insured	employee.
1959-60	Rs.	6.1	Per	insured	employee.

APPENDIX I

Areas covered under the scheme, the number of employees and insured persons covered in each area, the dates of implementation and of extension of medical care for families and the number of family units covered upto the end of the year 1959-60.

#### APPENDIX IV

### Comments on the Morbidity Data

The working of the E.S.I. Scheme during 1959-60 furnished information on the sickness pattern of about 1'35 million insured workers. The scope and the limitations of the data were fully discussed in the report for the year 1957-58 and need not be repeated again. The following observations are made on the data collected in respect of sickness among the insured workers during 1959-60; the incidence rates per 1,000 persons are based on the number of insured persons in respect of whom sickness data were received.

#### (1) All-India.

India is a vast country with varied levels of sickness incidence. It is not unlikely that due to the operation of special factors some parts may experience an abnormal incidence of one disease or the other, keeping the all-India situation, more or less steady. It may also be expected that with the progress in the implementation of the Scheme in new areas and its popularity in the implemented areas, the recorded incidence of attendance may be even higher. However, it seems safe to assume that the incidence of attendance at dispensaries for treatment among the workers is not below the level experienced during the last year.

The relative pattern of sickness from the various diseases during the year under the report was, more or less, the same as in previous years, but the intensity of incidence of certain diseases varied markedly. As has already been stated, the incidence of Influenza was near about the normal level; the rate declined from 420 in 1957-58 to 170 in 1958-59 and it again has risen to 216 in 1959-60. Another disease showing a notable decline is Malaria with a rate of 87(101). It is interesting to note that the incidence of Malaria has been showing a steady, though a slow, decline during the last three years. There were increases in the incidence of other diseases, of which the more important ones are diarrhoea and enteritis 136 (127), Dysentery all forms recorded a rate of 163 (148), Diseases of stomach and duodenum 131 (116). Common colds 250(211), Bronchitis is 248(240) and Arthritis and rheumatism 176(162). Thus, the increase in the all India incidence is due to these diseases as well. In this group, the other important ones that may be mentioned are—Diseases of the Eye with a rate of 79.6 (72.8) and Allergic disorders 42(39). The incidence of sickness due to accident, poisoning and violence also was higher this year, the rate being 194(186). Thus, considered on the whole the incidence of the diseases which are relatively more common was higher this year also.

The relative position regarding the important groups of diseases was as follows:—

- (i) Diseases of the respiratory tract: This group includes important conditions like common cold, acute pharyngitis and tonsilitis, influenza, pneumonia, bronchitis, silicosis and occupational fibrosis, and other respiratory diseases. It recorded a rate of 619 which shows a reduction when compared with the corresponding rate of 738 in the previous year.
- (ii) Diseases of digestive system: This block continued to occupy its high position in the sickness pattern. In this group, the sickness rate due to Dysentery of all forms was 163 (148): and due to Diarrhoea and enteritis 137 (112).
- (iii) Diseases of skin: The rate of incidence of Boil, abscess, cellulitis and other skin infections was 157 (162) and of other diseases of skin 60 (55). If any thing, the incidence was at the same level as in the last year.
- (iv) Arthritis and Rheumatism: The rate of incidence of this important specific cause of illness increased to 177 (162).
- (v) Accidents, poisoning and Violence: The incidence rate was slightly higher, being 194 (186).
- (vi) The incidence of Malaria was slightly lower this year, the rate being 87 (101). This may in part be due to the effect of the National Malaria Control and the Malaria Eradication Programme embarked upon by the Government of India in the recent past.
  - (vii) Other specific diseases commonly met:
    - (a) Diseases of the eye: recorded a slight increase, the rate being 79.6 (72.8).

- (b) Tuberculosis: T.B. of the respiratory system recorded a slight rise, the rate being 9.54 (9.28) and T.B. other forms was 2.00 (2.14).
- (c) Venereal diseases: Gonococcal infection and Syphilis slided down with a rate of 11.4 (13.7) and 6.4 (7.8) respectively.
- (d) Other important conditions: Deliveries, complications of pregnancies, child birth and the puerperium calculated as per thousand insured women had a reduced rate of 42 (44).

# Number of Sickness Attendance in the Dispensaries.

As in last year the incidence of sickness attendance in dispensaries showed considerable variation in the States during the year 1959-60 also. This is as it should be, particularly, when we bear in mind that in an all-India Scheme such as this, such large variations should be the rule in view of fact that incidence and variety of sickness vary widely in the different geographical areas of the country. The overall State-wise incidence of new and subsequent attendance in dispensaries during the year 1959-60 and the corresponding figures for the preceding year are given below. The number of visits continues to be the highest in Madhya Pradesh, the rate being 18,742.

	Total No. of visits to dispensaries per 1000

A	All India	Ave	rage						10,213	11,11

The following paragraphs give briefly the more important diseases that have been experienced in every State.

#### Andhra.

In this year there has been no shift from the pattern of diseases experienced in the last year. However, compared with the all-India average, the incidence of Malaria, diseases of stomach and duodenum and Deliveries, complications of pregnancy, child-birth and the puerperium have been heavier.

#### Assam.

Data not available.

#### Bihar.

Compared with the last year there appears to have been a slight reduction in the incidence of the various types of diseases. However, the experience as regards Influenza, Dysentery (all forms), Boil, abscess, cellulitis and other skin infections, Other diseases of the skin and other diseases of digestive system has been heavier as compared with the corresponding all-India experience.

#### Bombay.

This year has recorded a slight increase over the last year as regards the incidence of attendance at the dispensary. However, no definite trend could

be traced in respect of any specified type of sickness. The more common diseases that have been, as in the last year, experienced this year also are Acute nasopharyngitis (common cold), Influenza, other specific and ill-defined diseases, Accidents and Bronchitis. Next in importance from the point of view of common allments are Dysentery (all forms), Diarrhoea and enteritis, Other diseases of digestive system and Boil, abscess, cellulitis and other skin infections.

#### Delbl.

In this area, there are no diseases which require specific mention. Noteworthy of the more common ailments are Acute nasopharyngitis (common cold), Boil, abscess, cellulitis, other specific and ill-defined diseases, Accidents, Acute Pharyngitis and tonsillitis, other diseases of digestive system and Diseases of eye.

#### Kerala.

The incidence of comparatively higher degree of sickness in this State is accounted for by Arthritis and rheumatism, Bronchitis, Diseases of stomach and duodenum, Anaemia. All other diseases classified as infective and parasitic, Rheumatic fever and Filariasis, ankylostomiasis and other Helminths. In most of these the experience this year has been worse than last year.

# Madhya Pradesh.

Compared to last year, the number of visits has gone up slightly this year.

In this State both panel and service systems are in vogue in Coimbatore. and in the other areas only service system is prevalent. Under both the systems arthritis and rheumatism and Diseases of stomach and duodenum have shown higher incidence as compared with the corresponding all-India experience. Under service system Diseases of eye shows a comparatively heavier experience whereas the panel system Bronchitis, Nephritis and nephrosis and all other diseases classified as infective and parasitic are on the higher side.

#### Mysore.

On the whole there has been a slight improvement in this State when compared with the corresponding experience of last year. The principal diseases are Influenza, Arthritis and rheumatism, Diseases of stomach and duodenum, Diarrhoea and enteritis, Acute nasopharyngitis (common cold), All other diseases classified as infective and parasitic, Anaemia and Allergic disorders.

# Punjab.

The pattern of distribution among various types of diseases continues to be the same as in last year. Experience has been worse than corresponding experience on all-India basis in respect of Acute nasopharyngitis, Boil abscess, cellulitis and other skin infections, Accidents, Bronchitis, Other diseases of digestive system, Diseases of eye, Other diseases of skin and Diseases of ear and mastoid process.

#### Rajasthan.

This area has experienced on the whole a less number of attendance this year as compared to the last year. More important of the diseases ordinarily met with in this area are Accidents, Boil, abscess, cellulitis and other skin infections, Bronchitis, Malaria, Acute nasopharyngitis, Other specific and ill-defined diseases, Arthritis and rheumatism, Diseases of eye, Other diseases of skin and other diseases of digestive system.

#### West Bengal.

This year's experience as to total visits to dispensaries has shown a slight increase over the last year. Noteworthy among those diseases which experienced a higher rate when compared with the all-India average are Influenza, Bronchitis, Dysentery (all forms), Acute nasopharyngitis (common cold), Boil, abscess, cellulitis and other skin infections, Diarrhoea and enteritis, other diseases of digestive system, Avitaminosis and other deficiency states and Allergic disorders. The experience in respect of most of diseases as also the Diseases of stomach and duodenum, Acute Pharyngitis and tonsillitis, Arthritis and rheumatism, other specific and ill-defined diseases, Accidents and other diseases of skin has been worse than last year.

#### Uttar Pradesh.

The incidence of no disease was particularly heavy and this seems to account for the light overall incidence of sickness in the State.

#### APPENDIX XVI

Important decisions taken by the Corporation at its Meeting held on: -(1) 1st April, 1959.

- 1. It approved that the persons suffering from leprosy, malignant and mental diseases be granted extended sickness benefit on the same scale and subject to same conditions as admissible to insured persons suffering from tuberculosis.
- 2. It approved that artificial teeth at the cost of the Corporation might be provided to Insured persons where the loss of teeth was due to employment injury.
- 3. It approved the Employees' State Insurance Corporation (Staff and Conditions of Service) Regulations and Employees' State Insurance Corporation (Recruitment) Regulations with the certain amendments to the Employees' State Insurance Corporation (Staff and Conditions of Service) Regulations.
- 4. It adopted the Revised Estimates for the year 1958-59 and the Budget Estimates for the year 1959-60.
- 5. It adopted the audited statement of the accounts of the Corporation for the year 1957-58.
- (ii) 15th July, 1959.
  - 1. It adopted the Annual Report of the Corporation for the year 1958-59.
- 2. It considered and noted the Final Report of the Valuer for the first quin-quennium ended on 31st March, 1954.
- 3. It approved that the sickness benefit at full rate drawn by an insured person during any period in which he was entitled to extended sickness benefit might be allowed to be converted into extended sickness benefit and that the difference in the amount thus paid be adjusted against sickness benefit at full rate to which he might be entitled again after he has exhausted 18 weeks' Extended Sickness Benefit.
- (iii) 4th February, 1960.
- 1. The Corporation considered the report of the General Purposes Sub-Committee on the working of the Scheme in Calcutta and Howrah District, Dibrugarh, and Tinsukhia, Gauhati, Madras, Madurai and Banglore and directed that the inadequate and unsatisfactory medical arrangements in Calcutta and Howrah District might be brought to the notice of the State Government for taking suitable urgent measures to remove the defects.
- 2. It approved the proposal to start 5 Yogasanas centres in Delhi as a pilot scheme for imparting Yoga Education to insured persons, at an expenditure not exceeding Rs. 100/- per centre per month i.e. Rs 6,000/- in a year. It also approved that the expenditure involved might be borne from the Employees' State Insurance Fund. A Committee was appointed to work out and examine details. It also approved in principle that the Corporation might participate in health education scheme prepared by the Director General of Health Services and desired that the details and financial implications of the scheme might be worked out.
- 3. It accorded approval to the grant of pensionary benefits to the employees of the Corporation and conversion of Contributory Provident Fund into General Provident Fund with effect from 4th December, 1959.
- 4. It adopted the Revised Estimates for the year 1959-60 and the Budget Estimates for the year 1960-61. It also approved the observations of the Standing Committee to the effect that the rates of the Employers' Special Contribution should not be enhanced for the present, and that before the rates of Employers' Special Contribution were increased, the matter should be brought before them with full facts and figures for detailed scrutiny.
- (iv) 7th March, 1960.
- 1. It approved the fixation of the following priorities for enhancement of benefits:—
  - Extension of the scheme to the non-implemented areas and provision of adequate medical facilities particularly for hospitalisation.

- (2) Extension of restricted medical care to the families of the insured persons.
- (3) Extension of full medical care to the families on the same scale, including hospitalisation, as for the insured persons.
- (4) Measures to improve the health state of the insured persons by-
  - (a) imparting health education to them including Yogasanas training; and
  - (b) promoting health service at the place of work.

It was decided that the increase in the quantum of sickness cash benefits to the persons suffering from prolonged diseases should be considered immediately before the end of the Second Five Year Plan.

2. The Corporation approved the appointment of the Controller of Insurance, Government of India, as Valuer to conduct the Valuation of the assets and liabilities of the Corporation for the Second quinquennial, on payment of such fees as might be decided by the Central Government.

#### APPENDIX XVII

Important decisions twicen by the Standing Committee at its Meeting held on:—
(i') 14/15th July, 1959.

- 1. It decided that the recovery of employees' contributions due from Government/Local Body or quasi-Government factories or establishments belonging to Central Government, States Government and Municipal and Local Bodies should not be waived and that the matter might be taken up with the Government concerned at a Ministerial level.
- 2. The Standing Committee appointed a General Purposes Sub-Committee to visit various places in the country and to study the working of the scheme at those places. It also appointed a Budget and Accounts Committee.
- (ii) 4th December, 1959.
- 1. It approved that the Central Government might be approached to exempt factories as a class where less than 10 persons are or were employed by a principal employers directly or by or through an immediate employer, even though 20 or more persons are or were working in the premises, for a further period of one year with effect from 22nd January, 1960 under Section 73-F and also that the State Governments concerned be advised to renew the exemptions under Section 87 of the Act. It further decided that the existing practice of seeking its approval for recommending to the Central Government grant of this exemption may continue.
- 2. It approved the Master Plan for establishing the hospitals and dispensaries under the ESI Scheme and desired that hospitals should be built in the best possible manner.
- 3. It considered the proposals regarding the promotion of industrial health and decided that—
  - (a) the Corporation need not appoint its Medical Inspectors as the matter came within the purview of State Medical Inspectorate:
  - (b) a team consisting of an industrial physician an Engineer and a chemist might be set up to investigate into the health problems;
  - (c) the question of reduction in the contribution which is payable to the Corporation by employers or a group of employers to organise industrial health service should be further examined.
- 4. It agreed with the recommendations of the Medical Benefit Council regarding grant of additional allowances to hospital staff as given in Appendix XVIII of this report.
- 5. It accorded its approval to the proposal that the recommendations of the Central Pay Commission which had been announced might be made applicable to the employees of the Corporation also, subject to such modifications and adjustments as might be accepted by the Central Government and adopted for its own employees.

- (iii) 3rd February, 1960.
  - It noted the Report of the Study Group on Social Security.
- 2. It adopted the audited statement of accounts of the Employees' State Insurance Corporation (Provident Fund) for the year ending 31st March, 1958, which had also been adopted by the Administration Committee of the Provident Fund at its meeting held on 2nd March, 1960.

#### APPENDIX XVIII

Important Recommendations made by the Medical Benefit Council at its Meeting held on 1st September, 1959

1. Payment of charge allowance to an Insurance Medical Officer in areas other than the Headquarters of the Administrative Medical Officer.

An Insurance Medical Officer may be re-designated in-charge provided that there is more than one dispensary in the centre. The Insurance Medical Officer Incharge may be paid the charge allowance on the following basis:—

- (i) Where there are 2 or more dispensaries with not less than 5 doctors. . . . . Rs. 30/~ p.m.
- (ii) Where there are 2 or more dispensaries with more than 10 doctors. . . . . Rs. 50/~ p.m.
- 2. Payment of allowances to the ancillary staff in the State Insurance dispensaries.

The following additional allowances may be granted to the ancillary staff in the State Insurance dispensaries:—

- (i) Special pay . . . . Rs. 15/- p.m. to compounders and Laboratory technicians.
  Rs. 10/- p.m. to dressers and midwives.
- (ii) Conveyance allowance .. Rs. 15/- p.m. to Health Visitors for domiciliary visits subject to a minimum of 30 visits a month.

Sd/- V. R. MAHADEVAN
Chief Accounts Officer,
Employees' State Insurance Corporation.

# New Delhi, the 5th October 1960

S.O. 2516.—The Government of the State of West Bengal having nominated, in exercise of the powers conferred by clause (d) of section 4 of the Employees' State Insurance Act, 1948 (34 of 1948), Shri S. M. Bhattacharya, I.A.S., Joint Secretary to the Government of West Bengal, Labour Department, Calcutta, as a member representing the said State on the Employees' State Insurance Corporation in place of Shri S. K. Bannerji, the Central Government, in pursuance of the said section 4, hereby makes the following further amendment in the notification of the Government of India in the Ministry of Labour and Employment No. HI-1(196)/57, dated the 15th March, 1958, namely:—

In the said notification, under the heading 'Members' and sub-heading '[Nominated by the State Governments under clause (d) of section 4]', for item 15, the following item shall be substituted, namely:—

"15. Shri S. M. Bhattacharya, I.A.S., Joint Secretary to the Government of West Bengal, Labour Department, Calcutta."

[No. F. HI-1(63)/60.]

BALWANT SINGH, Under Secy.

# New Delhi, the 7th October 1960

**S.O.** 2517.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Central Government Industrial Tribunal, Bombay in the matter of applications under section 33A of the said Act from Sarvashri Kashinath Dhurappa Kamble and Pandit Shivappa Bansode, employees of the Bombay Port Trust, Bombay.

# BEFORE THE CENTRAL GOVERNMENT ADDITIONAL INDUSTRIAL TRIBUNAL. BOMBAY

Application No. 10 of 1960 arising out of Reference CGIT No. 15/60. Shri Kashinath Dhurappa Kamble—Complainant Versus

The Bombay Port Trust, Bombay—Opposite Party.

APPLICATION No. 11 of 1960 ARISING OUT OF REFERENCE CGIT No. 15/60.

Shri Pandit Shivappa Bansode—Complainant

#### Versus

The Bombay Port Trust, Bombay-Opposite Party.

In the matter of complaints under Section 33A of the Industrial Disputes Act.

### PRESENT:

Shri Salim M. Merchant, B.A.LL.B., -Presiding Officer.

Bombay: Dated 29th September 1960,

#### APPEARANCES:

For the complainants.—Shri S. J. Deshmukh, Assistant Secretary, Bombay Port Trust Employees' Union, Bombay.

For the opposite party.—Shri S. D. Nariman, Legal Adviser, Bombay Port Trust. State: Maharashtra.

Industry: Ports and Docks.

## AWARD

These two applications purport to be complaints under section 33A of the Industrial Disputes Act and are directed against the dismissal from service of both the complainants, who were employees of the Bombay Port Trust.

2. The complainant in complaint No. 10 of 1960, Kashinath Dhurappa Kamble, was employed as a mazdoor in the General Works Southern Division of the Chief Engineer's Department of the Bombay Port Trust. He was charged with the misconduct of having assaulted whilst on duty a mazdoor named Dharoo Govind, under Rule 22(rr) of the Eules and Regulations for the Non-Scheduled Staff of the Port Trust and was found guilty by an enquiry committee and was dismissed from service with effect from 28th July 1960 by an order of the same date passed by the Executive Engineer, General Works, Bombay Port Trust.

Sec. 3(ii)1

- 3. The complainant in complaint No. 11 of 1960, Pandit Shivappa Bansode, was employed as a mazdoor in the Railway Engineering Section of the Chief Engineer's Department of the Bombay Port Trust. He was also charged with having assaulted one Shri Dharoo Govind under Rule 22(rr) of the Rules and Regulations for the non-scheduled staff and was found guilty by an enquiry committee and was thereupon dismissed from service with effect from 28th July 1960 by an order of the same date passed by the Deputy Chief Engineer, Bombay Port Trust.
- 4 Both these complainants filed their respective complaints on 25th August 1960 and they alleged that in dismissing them the Bombay Port Trust had been guilty of the violation of section 33 of the Industrial Disputes Act 1947 inasmuch as permission or approval of this Tribunal was not obtained before dismissing them from service, in as much as an industrial dispute between the Bombay Port Trust and its workmen, Reference No. 15 of 1960 was pending before this Tribunal on the date of their dismissal from service. They also challenged their dismissal on the ground that the order of dismissal passed against them was made in violation of the principles of natural justice and was contrary to the provisions of the rules and regulations for the non-scheduled staff of the Bombay Port Trust and also on the ground of its being mala fide.
- 5. The Bombay Port Trust in its written statement in both these disputes has raised a preliminary objection that the complainants above named are not workmen concerned in the industrial dispute covered by Reference No. CGIT-15 of 1960. They, therefore, deny that there has been any breach on their part of any of the provisions of section 33 of the Industrial Disputes Act, 1947 and contend that this Tribunal has no turisdiction to entertain these complaints. On the merits of the cases, the Port Trust has also urged in its written statement that both the complainants were justifiably dismissed from service after a proper enquiry was held at which all the rules of natural justice were observed and that their dismissal is not contrary to the provisions of the rules and regulations for the non-scheduled staff as alleged by the complainants.
- 6. In support of the Bombay Port Trust's preliminary object, in, Shri S. D. Nariman, its Legal Adviser, has argued that the industrial dispute covered by reference No. 15 of 1960 was raised by the Bombay Port Trust Employees' Union, on behalf of the employees of only the salvage section of the Bombay Port Trust. This is borne out by two letters dated 19th November 1959 and 3rd February, 1960 which this union had addressed to the Bombay Port Trust making the demands which formed the subject matter of the industrial dispute covered by Reference No. 15 of 1960. The Union's letter of 19th November 1959 described the subject matter of the letter as "Re Salvage Section—Divers—Dipullowance and Insurance" and the letter of 3rd Fibruary, 1960 described the subject matter of the demands made therein as "Grievances of divers, deck hands, etc., employed in Salvage Section". Even a subsection letter dated 12th February, 1960, also referred to the subject matter of the demands contained therein as being "Re: Grievances of divers deckhands, etc., employed in Salvage Section". There were in all 11 demands mentioned in the schedule to the Government Order of Reference dated 11th March 1960 by which the dispute covered by Reference No. 15 of 1960 was referred for adjudication to this Tribunal and it is admitted that 9 out of the 11 demands therein related to claims on behalf of the workmen of only the valvage section and one demand—No. 11 was a demand for retrospective effect being given to the demands from 1st November, 1959. The union's case is that demand No. 7 in that dispute had been made in respect of workmen of the categories mentioned therein employed not only in the salvage section, but of all the other departments of the Bombay Port Trust. Demand No. 7 is as follows:—
  - "Is there any justification for the revision of scales of pay of divers, linesmen, syrangs, tinde's office boys, deck-hands, bhandaries and mazdoors. If so, what should be the scales?".
- It is, however, admitted that all these categories of employees are also employed in the salvage section of the Bombay Port Trust and it is also admitted that the salvage section forms part of the chief engineer's department of the Bombay Port Trust which is an establishment divided into 23 separate parts or sections. The contention of the Bombay Port Trust at the hearing of Reference No. 15 of 1960, was that the workmen concerned in that dispute were the workmen employed only in the salvage section of the engineering department and I have in my award dated 24th September, 1960, made in that dispute held that the entire dispute including demand No. 7 only related to the workmen employed in the salvage section of the engineering department of the Port Trust.

Shri S. J. Deshmukh for the complainants has referred to the recital in the Government's Order dated 11th March, 1960, referring the industrial dispute, Reference No. 15 of 1960, to this Tribunal, where it has been stated that the dispute exists between "employers in relation to the Bombay Port Trust and their workmen" and he has argued that demand No. 7 covered the employees their workmen" and he has argued that demand No. 7 covered the employees of the categories referred to therein employed not only in the salvage section of the Engineering Department but in all the other sections and departments of the Bombay Port Trust, including the Engineering Department. But the recital must be construed with reference to the demands contained in the correspondence between the parties prior to the reference and the subject matters of the dispute as stated in the schedule to the Government order of reference and if we look to the letters of the union dated 19th November, 1959, 3rd February, 1960, above referred to and the demands made it is 1960 and 12th February, 1960, above referred to and the demands made it is quite clear that the demands were made for the benefit of the workmen of the salvage section only.

Shri Nariman in support of his contention has relied on the decision of the Hon. Supreme Court in the case of New India Motors (Private) Ltd., and Morris K. T. (1960 I LLJ page 551). In that decision their Lordships of the Supreme Court have construed the meaning of the expression, "workmen concerned" appearing in section 33 (1) (a) of the Industrial Disputes Act. Rejecting the narrower interpretation that the expression only covered such of the workmen as were directly concerned in the dispute in question, their Lordships observed: "Therefore, we are not prepared to hold that the expression "workmen concerned in such dispute" can be limited only to such of the workmen who are directly concerned with the dispute in question. In our opinion that expression includes all workmen on whose behalf the dispute has been raised as well as those who would be bound by the award which may be made in the said Hon. Supreme Court in the case of New India Motors (Private) Ltd., and well as those who would be bound by the award which may be made in the said dispute".

- 8. It may be stated that that was a dispute in respect of a claim for reinstatement of an individual workman who had been dismissed from service whose cause had been espoused by the union, representing the workmen of the concern.
- 9 Shri Deshmukh on the other hand has argued that his union is recognised by the Bombay Port Trust as representing the workmen of the Chief Engineer's Department and that it is a condition of recognition of the union that its membership should be confined to the workmen of the Chief Engineer's Department which according to it is one unit. It was however, admitted at the hearing as stated by Shri Nariman for the Bombay Port Trust, that the Chief Engineer's Department is an establishment which has been divided into 23 separate selfcontained parts or sections and each part performs its own separate functions as a scparate set-up, and it was therefore argued by Shri Nariman that when the demands were made on behalf of one section of the Engineering Department namely the salvage section, the workmen concerned in that dispute could only be the workmen employed in the salvage section. Since the salvage section is a part of the Chief Engineer's Department, under section 18(3) (d) of the Industrial Disputes Act my award in the industrial dispute. Reference No. 15 of 1960, would apply to the workmen employed in that part of the establishment i.e., the salvage section only. In my opinion, the mere fact that the union has amongst its members workmen belonging to different sections of the Chief Engineer's Department, or of two other Departments of the Port Trust, would not make the workmen employed in the other sections of the Chief Engineer's Department, "Workmen concerned" in the industrial dispute Reference No. 15 of 1960. It is reworkmen concerned" in the industrial dispute Reference No. 15 of 1960. It is clear from the correspondence that preceded the reference that the dispute was raised by this union only on behalf of the workmen of the salvage section and for their benefit and my award would be binding only on them under the provisions of section 18(3) (d) of the Industrial Disputes Act. As both these complainants were admittedly employees of the salvage section, I am of the opinion that they are not workmen concerned in the dispute. It is further significant that in neither of the two complains is it averred that the complainants were workmen concerned in the dispute Reference No. 15 of 1960.
- 10. I am, therefore, satisfied that the complainants were not workmen concerned in the industrial dispute. Reference No. 15 of 1960, and it was therefore not necessary for the Bombay Port Trust to have obtained the permission or approval of this Tribunal for dismissing them from service. In other words I

hold that there has been no violation of section 33 of the Act by the opposite party, and consequently the complaints are not maintainable. The complaints are, therefore, dismissed.

I may state that as a common question of law was urged and argued in both their complaints, I am disposing them off under this common Award.

I make no order as to costs.

SALIM M. MERCHANT, Presiding Officer.
